Glendale provides support to eight adults with learning disabilities. It opened in October 1995 and was developed as a result of a tri-party agreement between Essex County Council, Moat Housing (who own the property) and Vibrance. The support is funded by the Essex County Council Supporting People grant.

All our residents live independent lifestyles and can access the community on their own.

Accommodation

Both properties comprise of four individual bedrooms and a communal bathroom and WC upstairs. Each bedroom has a wash hand basin, vanity unit and built-in wardrobe. And all the bedrooms are personalised by the residents too.

Downstairs in each house there's a communal kitchen/dining room, a lounge and shower room with WC. We've worked to make sure that the houses are homely and personalised by the residents.

In Glendale 1 there's also a 'games/quiet room' for people to relax in, with a dartboard, music system and easy chair. In Glendale 2 the additional room is used as an office, which staff can sleep in.

There's also a small car park at the front of the houses, and a communal garden at the rear of the properties that houses various sheds and greenhouses.
